DETAILED ACTION

Allowable Subject Matter

1. Claims 1-17 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reasons for the indication of the allowability of claims 1-17 are:

Regarding claims 1-10, the prior art does not teach or fairly suggest in combination with the other claimed limitations a bushing for an electrical device, comprising: a continuous moisture diffusion barrier at least partially covering the exterior surface of the insulating core, the continuous moisture diffusion barrier comprising a continuous film with firm adhesion to the insulating core.

Regarding claims 11-17, the prior art does not teach or fairly suggest in combination with the other claimed limitations a method for manufacturing a bushing for an electrical device, comprising: coating at least a part of an exterior surface of the insulating core with a continuous moisture diffusion barrier comprising a continuous film with firm adhesion to the insulating core.

These limitations are found in claims 1-17, and are neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
